**Raybestos® Police Friction Coverage Expansion & Testing**

Raybestos® has expanded coverage within the Police brake pad line and recently passed the Police Declaration of Conformity program testing on the Chevrolet Tahoe and Ford Explorer.

Raybestos® police friction is tested and validated to meet the highest police pursuit testing standards. Raybestos® Police brake pads have gone through extensive testing and have passed in accordance with LINK’s Police Laboratory Brake Evaluation Program with OE baseline. Parts that were tested and passed are listed below.
